

Toffee Tape

RGH have the unique ability to manufacture toffee tape in a range of different thicknesses, widths and roll lengths depending on your application. Characteristics of toffee tape include:

- Versatile and very high tack adhesive
- Designed to bond to difficult substrates, even at low temperatures
- Conformable due to its elastic appearance
- Ideal for fixing signs, edging and trims, bonding correx board
- Ideal for applications where an initial grab is important
- Adhesive will stretch rather than tear

For our full range of Toffee Tape products and bespoke solutions, visit: www.rghpos.com

Sizes available

Thicknesses available

0.2 mm, 0.4 mm, 1 mm, 2 mm

Standard widths available

12 mm, 19 mm, 25 mm, 38 mm, 50 mm
